

VINTAGE RACER GROUP

Driver Development

Provisional Driver Event Confirmation

Congratulations on the successful completion of VRG's Level 1, or other approved, driving school. This qualifies you for Rookie, or provisional, driver status with VRG and will allow you to enter any of our events as a full participant. If you plan to run with other clubs, you will need to notify them in advance of your Rookie status with VRG in order to determine whether their rules qualify you for their events. Whether running with VRG or another club, you will be required affix "**Rookie Stripes**" (double stripes or an "X" of a contrasting color) to the back side of your car for the next three events that you enter. This will indicate to other drivers that you're fairly new to vintage racing and will hopefully afford you a little more breathing room out on the track. The sections below, which record three completed, incident-free events, will need to be filled out by a member of the Drivers Committee (D.C.) before full driver status will be granted. **It will be your responsibility to find a D.C. member at the beginning of each event and inform him/her that you need to be evaluated for full "Driver" status.** When completed, you may send, scan/email, or fax a copy to the addresses/phone listed below. This will be forwarded to our Membership Chair and a membership card indicating your full "Driver" status will be mailed to you. Thank you for participating in the VRG Driver Development program, and we look forward to sharing the track with you for many seasons to come.

Mail:	Dennis L. Austin 4305 Gregg Rd. Brookville, MD 20833	Email:	denny@vrgonline.org
